Hubert Moshett, A.A., C.C.H.
September 1901 - January 2003

Maylene Duncan
August 1960 - May 2003

Message

From Mrs. Janet Jagan, O.E.
Former President of Guyana
Chairman, Management Committee Castellani House

We are celebrating with joy and a sense of achievement the 10th anniversary of the establishment of the National Gallery of Art, Castellani House. During this period we have consolidated the national art collection, bringing together all the valuable art accumulated over the years, under one roof. We have catalogued the nation's collection and have added valuable pieces to the gallery.

Castellani House has served as a beacon to Guyanese artists, with valuable exhibitions being held every year, encouraging young artists and honouring those of the past.

Ten years ago the Cabinet under the leadership of the late President Cheddi Jagan made the inspiring decision to convert Castellani House, then known as the Residence, into the nation's first national art gallery. We pay homage to that historical decision on this occasion.
